

PREMIUM MICROBIAL POWER FOR CLEANER, LEANER WASTEWATER SYSTEMS.

AM-BIOBLEND PRO

BIO-ACTIVE MICROBIAL BLEND FOR WASTEWATER EFFICIENCY.

BioBlend Pro is a high-performance microbial formula designed to break down fats, oils, greases, proteins, starches and organic acids commonly found in sludge and wastewater systems. With 52 targeted microbial strains, BioBlend Pro accelerates the natural digestion of waste, helping reduce sludge buildup, improve flow, and restore efficiency across your system. **BioBlend Pro is the proven choice for large-scale wastewater treatment challenges like lagoons, clarifiers, basins, and more.**

ENHANCED MICROBIAL FORMULA

A high-performance blend of 52 strains that break down proteins, starches, acids, and more for superior system efficiency.

TARGETS SLUDGE & BUILDUP

Reduces sludge and organic solids in clarifiers, basins, and lagoons to keep systems running smoother.

IMPROVES SYSTEM RESILIENCE

Accelerates organic breakdown to improve flow, reduce maintenance, and support long-term system health.

REDUCES OPERATIONAL COSTS

Minimizes the need for dredging, chemical use, and manual intervention—saving time, labor, and long-term treatment expenses.

52 STRAINS OF MICROORGANISMS

SHELF LIFE

12-15 MONTHS

Storage product between 38° - 86°.
Keep out of direct sunlight in long term storage.

MINIMUM ORDER QUANTITY

5 GALLONS

Packaging in:

- 5 Gallon Buckets
- 55 Gallon Drums
- 265-330 Gallon Tote

LEAD TIME

5-7 DAYS

USAGE RATE

**VARIES PER
APPLICATION**
