BIOBLEND

BIO-ACTIVE MICROBIAL BLEND FOR WASTEWATER EFFICIENCY.

BioBlend is a powerful blend of specially selected microorganisms designed to effectively break down fats, oils, greases, and other organic waste in municipal wastewater systems. Ideal for use in Lift Stations/Wet Wells, and Sewer lines. A sustainable choice for maintaining cleaner, more efficient wastewater operations.

POWERFUL MICROBIAL BLEND

A specialized mix of 22 microorganisms that break down fats, oils, and greases for cleaner, more efficient wastewater systems.

ELIMINATES GREASE BLANKETS

Effectively breaks down and reduces grease buildup in Wet Wells and Lift Stations, improving flow and system efficiency.

PREVENTS COSTLY BLOCKAGES

Reduces system line clogs caused by fats, oils, and greases, improving flow, minimizing maintenance, and ensuring long-term efficiency.

CUTS MAINTENANCE COSTS

BioBlend reduces the need for frequent wet well cleaning and minimizes reliance on chemical agents, saving time and money.

CORE INGREDIENTS

22 STRAINS OF MICROORGANISMS

These microbes thrive on various organic acids, producing enzymes that effectively break down fats, oils, and greases. They demonstrate a 100% success rate in degrading these substances.

SHELF LIFE

12-15 MONTHS

Storage product between 38° - 86°.
Keep out of direct sunlight in long term storage.

MINIMUM ORDER QUANTITY

5 GALLONS

Packaging in:

- 5 Gallon Buckets
- 55 Gallon Drums
- 265-330 Gallon Tote

LEAD TIME

5-7 DAYS

PRICE PER GALLON

\$45.00
