

HANDLE EXTREMES. EXPERT TREATMENT. CUSTOM BLEND.

BIOBLEND *max*

BIO-ACTIVE MICROBIAL BLEND FOR WASTEWATER EFFICIENCY.

BioBlend Max is a customizable microbial blend designed to break down complex compounds such as herbicides, pesticides, hydrocarbons, and chlorinated organics in municipal wastewater systems. Ideal for use in digesters, bioreactors, and lagoons. A powerful solution for advanced treatment needs where targeted, high-performance breakdown is essential.

BREAKS DOWN COMPLEX COMPOUNDS

Degrades tough pollutants like herbicides, pesticides, hydrocarbons, and chlorinated organics with precision.

IDEAL FOR ADVANCED SYSTEMS

Formulated for high-performance use in digesters, bioreactors, and specialized treatment environments.

CUSTOMIZABLE MICROBIAL PROFILE

Built to adapt—tailor the microbial blend to meet specific wastewater challenges in targeted applications.

DESIGNED FOR EXTREME CONDITIONS

Performs reliably in harsh or variable environments where standard solutions fall short.

CORE INGREDIENTS

CUSTOMIZABLE MICROBIAL BLEND

This specialized solution is ideal for digesters, bioreactors, and lagoons, where advanced organic breakdown is required.

SHELF LIFE

12-15 MONTHS

Storage product between 38° - 86°.
Keep out of direct sunlight in long term storage.

MINIMUM ORDER QUANTITY

5 GALLONS

Packaging in:

- 5 Gallon Buckets
- 55 Gallon Drums
- 265-330 Gallon Tote

LEAD TIME

5-7 DAYS

PRICE PER GALLON

\$45.00
